

D/DRe Z5

A photograph of a handwritten receipt on aged, slightly stained paper. The text is written in a cursive script with dark ink. The receipt describes the ingredients and process for making quince wine, including quantities of water, quinces, and sugar, and the use of licker for steeping and filtering.

A Receipt to make quince Wine
to 10 gallons of Water 30 Douzon of quinces
pare and grate to the core Lett them stand
2 Days in Licker then squeeze them throu
A corce bagg measur your Licker to every
gallon of Licker putt 3 pound of sugar
